Trend Western Technical Corporation

- a. This modification is issued to add a not to exceed line item for the overtime requirements in support of the move to the new 82 Logistics complex (Bldg 2113), to update and/or clarify maps, technical exhibits, safety areas, and the publications section in the PWS and to submit the Basic Period, Section B pages which were inadvertently left out of modification P00005. All changes are identified by a bar in the margin of the hard copy page or displayed by dark bold blue text on the supply intranet/CD ROM page.
- b. Remove and replace the first two pages marked as Part I, Section B, Supplies/Services and Price/Costs, Supplies and Services to be Furnished for the Basic Period – 1 December 1997 – 30 September 1998 further identified as "Modification P00003" with corrected pages marked, "(Correction to Modification P00005) by Modification P00010." In Modification P00005, the narrative on page 2 of 2, paragraph b, stated that the revised Schedule B for the Basic Year is attached and it was inadvertently not attached to Modification P00005.
- c. Remove and replace Page B-2 with REVISED PAGES B-2 and B-2a. This change adds the Not To Exceed line item, 1004ac, to Section B, Option Year One as the line item for reimbursement of actual overtime spent by employees in moving to the new supply complex. This addition changes the total of Option Year One from \$4,057,434 to \$4,097,434, an increase of \$40,000 for the not to exceed line item.
- d. Remove and replace Pages C1-28 through C1-32 with REVISED PAGES C1-28 through C1-32 as changed. These pages clarify changes to the PWS.
- e. Remove and replace Page C6-1 with REVISED PAGE C6-1 as changed. This page reflects some publications and forms are available through electronic means.
- f. All other terms and conditions remain unchanged.

PART I
SECTION B
SUPPLIES/SERVICES AND PRICE/COSTS
SUPPLIES AND SERVICES TO BE FURNISHED

BASIC PERIOD -- 1 DECEMBER 1997 -- 30 SEPTEMBER 1998

ITEM

- 0001 The contractor shall furnish and supply to the Government management, personnel and Services to operate the Standard Base Supply System to include ground fuels distribution operations and operation of the military service station at Sheppard AFB Texas as set forth in the Performance Work Statement, Section C.

Target Cost	\$ 2,438,502.00

Modification P00010

Added PAGE B-2A

1.10 OCCUPATIONAL SAFETY, HEALTH, AND ACCIDENT PREVENTION.

1.10.1 The contractor shall comply with the safety and health guidelines of the Occupational Safety and Health Administration (OSHA), and with referenced Air Force Occupational Safety and Health (AFOSH) standards, while performing the requirements of this PWS. The contractor further agrees to take such additional precautions as the CO may reasonably require to prevent accidents and damage to US Government property, facilities, and equipment, or injury to Government employees. Nothing in this contract shall be construed to relieve the contractor of the requirements of the Williams-Steiger Occupational Safety and Health Act of 1970.

1.10.2 The contractor shall formulate and submit a written safety and health plan, not later than the pre-performance conference, for review and acceptance by the CO. The written plan shall include the details of the contractor's safety organization, responsibilities, method of program implementation, and how corrective actions will be accomplished.

1.10.4 The contractor shall provide data as required to the local USAF Safety, Environmental Flight, and Bioenvironmental Engineering (BE) offices as required for the preparation of all reports required for submission to local authorities and higher headquarters.

1.10.5 The contractor shall immediately notify the QAE/FAC, CO, and Wing Safety of all mishaps or incidents involving damage to Government facilities, equipment, or aircraft; all mishaps or incidents which result in injury to contractor personnel and which result in lost work time; and all mishaps or incidents resulting in the death of contractor personnel while on duty.

1.10.5.1 Wing Safety will assist the QAE/FAC/CO in investigation and reporting of such mishaps. The contractor shall cooperate fully and assist Government personnel involved in the investigation until the investigation is completed.

1.10.6 The Wing Safety Office is authorized to conduct work site visits of contractor operations to ensure Air Force facilities and equipment are used and maintained IAW Air Force safety standards. The contractor shall take action as directed by the CO to correct unsafe conditions or hazards identified during such visits.

1.10.7 The contractor shall promptly identify and report safety hazards involving Air Force facilities or equipment to the QAE/FAC, CO, and Wing Safety.

1.10.8 The contractor will provide safety shoes. All other safety equipment and clothing required in the performance of specific duties, and referenced in regulations or instructions governing the performance or safety standards for said duties, will be provided by the government (does not include uniforms provided by the contractor IAW paragraph 1.2.2.1 of this PWS). Safety equipment and clothing shall be obtained through procedures specified in paragraph 3.1.3 of this PWS, shall be internally controlled for accountability, and shall be surrendered upon termination of the employee or at the completion of the contract.

1.11 EXISTING WORK BACKLOG AT CONTRACT START DATE. Work requirements and work in progress at contract start date shall be the responsibility of the contractor to complete.

1.12 GOVERNMENT PERFORMANCE OF SERVICE DURING LABOR STRIKES.

Because the services called for under this contract are of critical importance to the Air Force, the Government reserves the right to take over performance of this contract in the event of a labor strike by the contractor's employees. In such event, the services will be performed exclusively by Air Force employees and not a mix of Air Force and non-striking contractor employees. Under such circumstances and at the direction of the contracting officer, the contractor agrees to remove its non-striking work force from the performance site and not to interfere in any way with Government performance. The contractor further agrees under such circumstances to permit the Government to use any essential contractor-furnished property. The Government will equitably compensate the contractor for use of such property.

1.13 DISASTER PREPAREDNESS. The contractor shall support the Disaster Preparedness program as outlined in AFI 32-4001. The contractor shall designate in writing to the FAC, an individual to act as a disaster preparedness representative. The representative shall be a member of the Chemical Warfare Working Group. The government shall provide designated shelter space for contractor employees.

F4161298C0001

Modification No. P00010

REVISED PAGE C1-32

SECTION C-6**APPLICABLE GOVERNMENT PUBLICATIONS AND FORMS**

1. Publications and forms that apply to the PWS are listed below. The publications and forms have been coded as mandatory or advisory. The contractor is obligated to follow those publications and use those forms coded as mandatory to the extent specified in other sections of this PWS. The contractor shall be guided by those publications or use those forms coded advisory to the extent necessary to accomplish requirements in this PWS.
2. All publications and forms listed shall be provided by the government at the start of the contract. It is the responsibility of the contractor to establish follow-on requirements with the Publications Distribution Office (PDO). The contractor is not required to maintain a paper copy of publications and forms that are available through electronic means.
3. Supplements or amendments to listed publications from any organizational level may be issued during the life of the contract. The contractor shall immediately implement those changes that result in a decrease or no change in the contract price and notify the contracting officer in writing of such change. Should a decrease in contract price result, the contractor shall provide a proposal for a reduction in the contract price to the contracting officer. Before implementing any change that will result in an increase in contract price, the contractor shall submit to the contracting officer a price proposal within 30 calendar days following receipt of the change by the contractor. The contracting officer and the contractor shall negotiate the change into the contract under the provisions of the contract clause entitled "Changes." Failure of the contractor to submit a price proposal within 30 calendar days following receipt of the change entitles the government to performance according to such change at no increase in contract price (unless the time requirement is waived by the contracting officer according to paragraph (c) of the Changes clause).
